To Whom It May Concern:

The Indiana Alcohol and Tobacco Commission is pursuing an initiative that would bring together the alcoholic beverage industry with state regulators for an Alcohol Summit on March 1, 2013. The summit's primary objective is to provide a forum through which industry leaders can pose concerns to state regulators, who will then address those issues through panel discussions and presentations. By working together with industry trade groups, our aim is to provide effective solutions to issues faced by the alcoholic beverage industry.

We will hold panel discussions and forums to cover relevant topics. While we will not be able to cover all issues, our focus will be to discuss topics of greatest concern to the alcoholic beverage industry.

We look forward to the opportunity to work cooperatively with you to address issues important to your members.

If you have any questions, you may contact me at 317-232-2469 or by email at tthickstun@atc.in.gov.

Sincerely,

Travis Thickstun
